

HELPING HAND TO HORNSBY MEN'S SHED

Hornsby Men's Shed members gave Hornsby MP Matt Kean a tour of their upgraded workplace earlier this month following a grant from the NSW Government.

The grant for \$18,000 was awarded under the NSW Community Building Partnerships scheme for a new centralised ducted dust extraction system. Hornsby Men's Shed president **Ian Raper** said, "The new dust extraction system had been a big help to the members in providing a cleaner and safer work station."

Whilst giving Mr Kean a tour of the facility the members showed off some of the children's toys they have made for underprivileged families.

"I'd like to thank each and every member for reaching out to help other families doing it tough," Mr Kean said.

Anybody interested in getting involved with the Hornsby Men's Shed can contact Phil Hirshbein on 9634 6037.
